

CURRICULUM VITAE

Name: *ILIE VICTORIA*

Date of birth: 1975 August 20

Nationality: Romanian

Education:

1995-1999 – Faculty of Biology, Bucharest University, Biology Specialisation

1999-2000 - Master in Animal Taxonomy, Faculty of Biology, Bucharest University

2000 to present – Ph.D student, Bucharest University

University degree attained:

1999 – Bachelor Degree – Biology

2000 - master in Science - Aimal Taxonomy

Present position: Senior Researcher III in Biospeleology and Soil Biology Department of "Emile Racovitza" Speleological Institute in Bucharest

Scientific career:

2005 - up to present - Senior Researcher III, Institute of Speleology "Emile Racovitza" , Biospeleology and Soil Biology Department

2002 - 2005 - Scientific Researcher, Institute of Speleology "Emile Racovitza" , Biospeleology and Soil Biology Department

1999 - 2002 - Assistant Researcher, Institute of Speleology "Emile Racovitza" , Biospeleology and Soil Biology Department

Foreign languages: English, French

Research interests:

- Taxonomy, ecology and biogeography of Ord. Pseudoscorpiones and Class Chilopoda

Key qualifications: Systematics, zoogeography, ecology of Pseudoscorpiones
Systematics, zoogeography, ecology of Chilopoda

Research projects/grants:

Grant A.N.S.T.I. no. 4117/1998-1999: "Guaniferous caves from Romania. Mapping of the bat colonies, zodiversity and the informational significance of the guano deposits from Banat" - participant

Grant Romanian Academy no. 429/1999: "Atlas of Chiroptera from the Romanian caves.

Researches concerning the Chiroptera and the guanicolous fauna from the caves of Dobrogea" - participant

Grant A.N.S.T.I.: nr. 5102/1999: "Structural and functional characteristics of the subterranean ecosystems in the Movile type karst (with special references on some relict species and on the hypothetical existence of the Euxinic glacial subrefugue)" - participant

Grant Romanian Academy no. 12/2000: „Studies on the evolution of the isopod crustaceans (phlogeny, adaptation, convergence, reversion). Special significance of the subterranean relict species" - participant

Grant Romanian Academy no. 12/2000: „Studies on the evolution of the isopod crustaceans (phlogeny, adaptation, convergence, reversion). Special significance of the subterranean relict species" - participant

Project financed by the Foundation for Partnership „Romanian Environmental Partnership Foundation": „Management for the Semenic – Cheile Carașului National Parc 1" - participant

Project financed by the Foundation for Partnership „Romanian Environmental Partnership Foundation": „Management for the Semenic – Cheile Carașului National Parc 2" - consulting specialist

Grant Romanian Academy nr. 34/2001-2002: „Systematic, zoogeographic and ecologic study of the Israel Chilopoda" - participant

Grant Romanian Academy nr. 121/2001-2002: „Studies on phylogeny of the Superior Crustaceans (Eumalacostraca)" - participant

Grant CNCSIS no.72/2002-2004: „ Studies on the associations of Bembidiini (Coleoptera, Carabidae) - a group with important riparian species in biodiversity and pollution assessment of the hydrographic basins in Romania" - participant

Grant Romania Academy no. 79/2003-2004: „Endemites and relicts in the Isopoda and Diplopoda fauna of Romania in comparison with the faunas from the Balcanic Peninsula and Near East. Biogeographical and phylogenetic significance. Protection proposals." - participant

Grant CNCSIS no. 449/2003-2004: "Biodiversity of the subterranean superficial environment from the Semenic – Cheile Carașului National Park" - project manager

Project „Fauna Europaea – N.A.S. Extension, Romania”, 2003 - 2005 - group specialist

Grant Romanian Academy no. 71/ 2005 – 2006: „Phylogenetic researches in Arthropoda based on morpho-anatomic structures and cladistic methods. Special significance of the subterranean forms.” - participant

Gar Romanian Academy 62/2005 - 2006: "The study of Lithobiomorpha Order (Myriapoda, Chilopoda) from the subterranean and surface environments from Romania on the base of taxonomical revisions" - project manager

Grant CEEEX-NATFFORMAN 2006 - 2008 - participant.

Specializations:

- 2001 (14 days), 2002 (7 days), 2003 (7 days), 2004 (7 days) – to the Institute of Zoology at the Biology Faculty, Belgrade University – concerning the Taxonomy and Systematic of the Pseudoscorpiones Order and Chilopoda Class, collaboration for the „Study of the edaphic and the subterranean fauna from the karstic areas from Romania and Serbia”

Fellows obtained:

- 2005 - PF6 - Synthesys Programm - 20 days at the National History Museum in Vienna, Austria, collection of Myriapodology

- 2007 - PF6 - Synthesys Program - 14 days at the Institute and Museum of Zoology from Warsaw, Poland - collection of Myriapodology
